Casey & JERRIT

J.E.R.R.I.T. was designed and developed by a full time Tactical Officer, Constable Casey Brouwer.

### Specifications:

Description: 3D Less Lethal Impact Target Mannequin.

Purpose: To be used as a life sized 3D Less Lethal Impact Target for training personnel in judgemental deployment of Less Lethal Impact Munitions such as the ARWEN® AR-1 Impact Baton.

Size - height: 5 foot 7 inch.

Material: Blaze Orange DuPont 1,000 Denier Cordura Nylon stitched with Kevlar thread.

Durability: We have impacted J.E.R.R.I.T. with in hundreds of ARWEN® AR-1 Impact Batons as well as other less lethal impact munitions avoiding direct impact to seams without severe damage.

Mounting: Shoulder straps permit J.E.R.R.I.T. to be suspended from supports like swing set frames.

J.E.R.R.I.T travels to our clients folded without filling to reduce transportation charges.

Fill Material: We suggest using fist sized pieces of foam rubber used in mattresses and pillows.

Made in Canada

ARWEN® is a Registered Trademark of Police Ordnance Company Inc
